Capabilities Statement

Tumbl Trak is a leader in gymnastics, cheer, and fitness equipment, providing innovative training tools that prioritize safety, durability, and athlete progression. Our high-quality products, including balance beams, training bars, and mats, are designed to help athletes of all ages train smarter and safer. With over 30 years of experience, Tumbl Trak is committed to supporting athletic development by offering tailored solutions to gyms, schools, and training programs worldwide.

We brings extensive expertise in designing and manufacturing gymnastics and fitness equipment, including balance beams, training bars, and safety mats, with a focus on safe and durable solutions for athlete progression. Our innovative tools, such as the Air Mat, are designed to enhance strength, balance, and stability, addressing the specific training needs of cheer, tumbling, and acrobatic sports. We also specialize in custom equipment solutions, ensuring that each product meets the unique requirements of youth fitness and child development programs. Tumbl Trak's commitment to high-quality, safety-focused designs makes us a trusted partner in providing reliable solutions for government contracts aimed at supporting athletic development and training environments.

Core Competencies
